

HUMAN CONFLICT

Having power and being rich according to the standards of the flesh (human nature) .

Having power and being rich and act according to human nature leads to greed.

“ And a final word to you arrogant rich: Take some lessons in lament. You’ll need buckets for the tears when the crash comes upon you. Your money is corrupt and your fine clothes stink. Your greedy luxuries are a cancer in your gut, destroying your life from within. You thought you were piling up wealth. What you’ve piled up is judgment.

All the workers you’ve exploited and cheated cry out for judgment. The groans of the workers you used and abused are a roar in the ears of the Master Avenger. You’ve looted the earth and lived it up. But all you’ll have to show for it is a fatter than usual corpse. In fact, what you’ve done is condemn and murder.”

James 5: 1-5 The Message)

Change your ways or the desires of James 4 will catch up with you and change you in the person described in James 4,

Being powerless and poor and acting to human nature leads to blame and envy.

“Where do you think all these appalling wars and quarrels come from? Do you think they just happen? Think again. They come about because you want your own way, and fight for it deep inside yourselves. You lust for what you don’t have and are willing to kill to get it. You want what isn’t yours and will risk violence to get your hands on it.

You wouldn’t think of just asking God for it, would you? And why not? Because you know you’d be asking for what you have no right to. You’re spoiled children, each wanting your own way.

James 4: 1-3

Don’t ask according to your selfish desires, it will only change into you the person described in James 5.

The consequences of human nature are therefore

Strive

Envy

Hate

Murder

Drunkenness (not only alcohol, but all addictions)

Galatians 5: 19-21

Is there a human designed solution that's able to control human nature?

OR

Will the following conclusion apply to all human solutions?

" There is a way that seems right to humans , but the end of a human’s way is death(all human ways lead to death and destruction)"

Proverbs 14:12

Is it possible for human nature to escape the vicious cycle between envy and greed (as described in James 4 and 5) or will the following quote be a continuous end result of all human endeavours to improve society?:

“We had our revolution. We thought we would be able to implement the changes we planned and into which I invest my whole life, but what a disappointment! All that changed is the faces of the "meat eaters" (the elite) the rest of us are still potato eaters (still struggling to survive)”.

Is it possible to get a great leader, a Messiah to show the way and lead humanity out of the clutches of human nature?

All human Messiahs mentioned in history failed miserably. The results that followed their legacies are that they only changed the faces of the "meat eaters" without improving the circumstances of the rest of humanity.

Is it possible to change humans away from the works of human nature to the works of caring about others, a caring love for all humanity without the selfish nature of the human being interfering? How to get rid of the “Me, Myself and I plus the Its Mine” attitude?

Is the fruit of a caring love possible? The fruit that have the following tastes:

Joy

Peach

Patience

Gentleness

Goodness

Faith (in a good ending)

Meekness

Temperance

Galatians 5: 22,23

Is it possible that a Messiah exists that can change human attitudes away from the me, myself and I attitudes that is regarding only the "it's mine" things as important?

That bring us to the "Damascus Road"

Is it possible to save the human species, *Homo sapiens sapiens* or will this species also become extinct?

Is it possible to change human nature as Saul who became Paul was changed? His attitude was completely changed on the road to Damascus?. Not a slight change, but a complete change from an angry hating human being that thought his way is the right way. A person thinking that the the arrest and killings he participated in, was justified. A change into a caring loving person. A person who loved all people, no matter their tribe, race or standing in society. A person without any hate and full of forgiveness. A person who wrote the famous description of caring love toward others.

(1 Cor 13)

Two prophecies have to be considered:

1 The prophecy by atheistic scientists that humans (*Homo sapiens sapiens*) are also doomed to eventually become an extinguished species. (Self destruction through global warming, pollution etc.

OR

If it wasn't, for the elect, all flesh would perish but for the sake of the elect these days will be shortened.

Matt 22:24 Also Is 53

The ones who believe in a free will , are free to be elect, to become an elected..

The doctrine of predestination and election should be understand according to the free will of a human being. Humans can decide for themselves if they want to be elected or not.

The choice is personal. Nobody can claim that they know if others were given a chance to choose or not, They only know if they were given the change.

Pointing to others, they suppose were not given a chance , is not a valid excuse. Also blaming the Eternal about the decision not to elect them, is not valid . All who read this, are given a choice.

The choice is yours and yours alone!

Sooth Africa wake up, the history regarding the “meat eaters” and “potato eaters” is repeating itself in front of our eyes. James 4 and 5 is still as vaid as it was 2000 years ago

The doctrine of predestination and election is frequently used by atheists as an argument against the existence of the Lord. They argue that how can a “ god” that supposed to be merciful condemns somebody even before that person existed?

The doctrine of predestination and election should be understand according to the free will given to human beings. Humans can decide for themselves if they want to be elected or not.

The choice is personal. Nobody can claim that they know if others were given a chance to choose or not, They only know if they were given the chance.

Pointing to others, they suppose were not given a chance , is not a valid excuse. Also blaming the Eternal about the decision not to elect them, is not valid . All who read this, are given a choice.

Everybody who heard the message , everybody who asks this question about predestination , can use their free will to decide if they want to be elected or not.

The atheist that uses predestination as an argument against the existence of our Lord, has

already decided against being elected.

The choice is yours and yours alone!
